

USA Volleyball
Junior Assembly Report
January 25, 2024

Report Prepared by: Kailey Bridges, Junior Assembly Chair

JA Administrative Council met on January 11, 2024 via Google Meet

- **Confirmation of voting members and contact information**
 - After multiple attempts, we still have not received responses from 10 of our 37 members and 2 of our 3 athletes. We are going to reach out to the commissioners from their regions next week to see if their voting members have changed or need to be reached at a different email address.
- **New JA Manual**
 - We presented various minor amendments and edits to Bob Baker regarding the new draft of the JA Manual. We feel like when these edits are complete, the manual will be ready for distribution to the full JA for a vote.
 - *MOTION: Chris Clauss made a motion to vote Kailey Bridges as the JAAC chair. Brian seconded the motion. Motion passed.*
- **JA website**
 - We discussed various options for communication within the JA and different website options, including the SE platform that Michelle Goodall and Daniel Becker helped get started for us. We also decided it would be best for us to look into other options (building an additional website like RVAA did, using a program such as SLACK rather than hosting JA huddles, etc).
- **New Championship Manual and New National Ranking System**
 - The new championship manual and new national ranking system were discussed and feedback was provided to Chris Vadala.
- **Upcoming Meetings**
 - Brian and Scott will schedule (2) virtual spring meetings prior to May meetings for their respective committees. Brian has already sent a doodle poll out for availability.
 - Our JAAC members expressed concern with the lack of involvement and responsiveness from our athlete members and are worried about athlete presence for voting at the May meetings (in person or via Zoom).
